SUBSTITUTE FOR MAHUKA SITE PORTUGUESE REPUBLIC WELL STARTED

A REVIEW OF KUHIO'S WORK

OVER FIFTEEN MILLION DOLLARS IN APPROPRIATIONS TO THE CREDIT OF THE HAWAIIAN DELEGATE—HOW A LAND ACT AMENDMENT CLAIMED BY McCANDLESS AS HIS OWN WAS SECURED BY KUHIO.

A statement prepared at Republican headquarters by the campaign publicity bureau, in which C. R. Buckland is editor, shows a total of more than fifteen million dollars in appropriations secured for Hawaii by Delegate Kuhio during his three terms in Congress. The list, with a discussion of land and other matters and an answer to one of McCandle's principal campaign claims, is as follows:

WORK DONE BY DELEGATE.

Expenses of Legislature (2 sessions).....560,000

Molokai Bacteriological sta. 150,000
Molokai Bacteriological sta. maintenance yearly.....35,000
Total.....\$ 420,000

For the benefit of the whole territory may properly be included the military and naval defenses, immigration, quarantine and lighthouse work, harbor appropriations, marine hospital service and increased salaries for governor, secretary, judges as well as the appropriations for the legislature.

Total Federal appropriations secured by Delegate Kuhio during his three terms in Congress.

This is at the rate of \$2,500,000 a year, more than double the amount that the Territory pays to the Federal Government in Customs duties and internal revenue.

Included in Oahu appropriations are all the army and navy, immigration and quarantine expenditures which really belong to the whole Territory.

Delegate Kuhio in Congress. Delegate Kuhio's personal influence and friendship among Congressmen and others at Washington, form a big asset for the Territory of Hawaii.

It was through his work and influence that the vote on prohibition was taken here, thus establishing an affirmative recognition of Hawaii's right of home rule, and removing the idea of government by commission.

The delegate has continuously urged at Washington, that Hawaii should be the center of all American naval and military operations in the Pacific Ocean. President Taft, always so much interested in the Philippines, has finally adopted this view, also agreeing that the strongest naval base of the United States shall be established in the Territory of Hawaii.

It was the work of the delegate and of his friends, who rushed off in autos to bring members to vote, that passed the Coastwise Suspension law by a vote of three to one.

Another Lie Nailed. McCandle's claims Democratic credit for the insertion in the amended

SPRECKELS SUGGESTS PLAN TO FREAR

GOVERNOR SAYS HE STILL FAVORS IRWIN SITE BUT IT IS UP TO THE PEOPLE—UNCLE SAM MIGHT SELL MAHUKA SITE AND TAKE SPRECKELS BLOCK—SPRECKELS WANTS TO KNOW.

Governor Frear and Rudolph Spreckels had a conversation this morning regarding the Bishop street extension, and all matters were satisfactorily arranged. The work will soon be begun, but so far nothing definite has been decided upon in this connection. The price fixed was \$20,000.

There was nothing done regarding the extension of Bishop street from Hotel street, through the Oregon block and there is no immediate action to be taken in this respect.

While these matters were under discussion, Spreckels advanced the desirability of the federal government taking over one of the new blocks created by the Bishop Street extension as a building site, and suggested that it be the one bounded by Alakea, Merchant and Queen streets.

The Governor did not give any reply—Mr. Spreckels did not expect one immediately—but Spreckels asked that he be informed as early as possible whether the government would want it or not, in order that he could make arrangements regarding its disposition.

The Governor when asked his opinion said that there were advantages to be gained by the change. The land already acquired on the Mahuka site could be sold and the money that it would bring would be almost sufficient to buy the

new block. Possibly it would be necessary to ask for additional money for the erection of the Federal building, but he thought that the titles could be adjusted more quickly than those on the Mahuka site. There might be public feeling against the proposition put forward by Mr. Spreckels and this would have to be voiced in some way. Some might think that it was desirable, while others might consider that the Mahuka site was more central. Mr. Spreckels would like to have a reply as early as possible.

The Governor said that his sympathy had always been with the Irwin site, but as it was understood that public sentiment favored the Mahuka site, which was ascertained before his taking over office, he did not desire to take an active part in the matter. He still favored the Irwin site, but of course he preferred to allow the people to settle the matter among themselves in whatever way they thought fit.

The matter is now in abeyance, and the next move must come from the people. Whether a public meeting would be called, or how the people would indicate their views he did not know. Mr. Spreckels, he said, was extremely agreeable over the matter, and will wait a reasonable time before he takes any action with regard to the disposition of the land.

SALOON PROBLEMS

An application to move the Pantheon saloon from Hotel street to Nuuanu, and several new saloon license applications, will be brought before the board of license commissioners tomorrow, together with protest from Waipahu against a pending application.

The application of Silva, proprietor of the Pantheon, is for permission to transfer his license to the lot makai of the Novelty theater, on Nuuanu. The lot is vacant, but if Silva is allowed to move his saloon there, a cement building will be put up for it.

From Waipahu protests by property owners and voters have come in, against the application of James Lemon, for a saloon license. There is one saloon in Waipahu now, and those who are protesting declare themselves opposed to having any more.

Another Waipahu application has just come in from J. Peterson, but as it has not been advertised yet consideration of it will be deferred, with a good chance that if the protestants win against Lemon, it will be turned down.

Other applications filed are from a Japanese who wants to start a saloon at Waialua and other Japanese who would like to retail booze at Honolulu.

WHAT TO DO WITH MINOR WHO IS A FELON

JUDGE ANDRADE FINDS MANY PUZZLES IN THE CASE OF JOE FERRAJE.

The case of Joe Ferraje bids fair to keep the District Magistrate busy for some considerable time to come. This morning the question raised yesterday as to Ferraje's age and the jurisdiction of the court again occupied attention.

At the outset Judge Andrade announced that the act relating to juveniles provided that proceedings in the juvenile court could not be deemed criminal proceedings and could not prevent charges of felony being investigated in the proper court. Four of the charges against the defendant were felonies, but in respect of the fifth charge, that of larceny in the second degree, he would hear testimony as to Ferraje's age.

Mrs. Mary C. Martin and J. Ferraje, senior, gave evidence respecting the birth of the defendant. Mrs. Martin was then Mrs. Ferraje and she declared that Joe was born on June 11th, 1893. She was then living in Maui and when the boy was born only her mother was present. Joe was a delicate child and as it was feared he would not live she had him baptised then and there by her mother. She did not know whether his birth was

REVOLUTION IS A COMPLETE SUCCESS

(Associated Press Cable to The Star.)

LISBON, October 6.—Theophilo Braga, the president of the new Republic of Portugal, today issued a note to all the powers, announcing the establishment of the Republic, and guaranteeing the protection of life and property. The note as issued to each of the Powers was identical in terms, and states that the new government is prepared to preserve order, and that foreigners in the country need not fear further outbreaks.

The royal family is believed to be on the way to England. The king and queen have apparently no hope of a restoration to power, and have fled.

LONDON, October 6.—The British minister at Lisbon has telegraphed the government here that he has no fears of further violence in Lisbon. He regards the republican government as established and able to preserve order.

His telegram appears to establish the final success of the revolution and the establishment of a republican form of government in Portugal.

SPAIN IS VERY UNEASY

(Associated Press Cable to The Star.)

VALENCIA, Spain, October 6.—There is great uneasiness on the part of the government on account of the sudden success of the Portuguese revolution and the sympathy shown with the revolutionists by the republicans in Spain. Troops are being kept under arms, ready to meet any revolutionary movement here. There are signs that the republicans here would like to overthrow the monarchy and establish a republic as was done in Lisbon, and the government is prepared to fight.

BOSTON, October 6.—The Republican state convention today endorsed the Taft administration and the Payne-Aldrich tariff law. Lieutenant-Governor Eben Draper, a prominent manufacturer and philanthropist, was nominated for governor.

MANCHESTER, England, October 6.—The labor trouble growing out of the cotton strike has been settled, and the cotton mills were reopened today.

CHINESE PRINCE RETURNING.
(Special Cable to The Star.)

SAN FRANCISCO, October 6.—Prince Tsai Hsun sailed today in the T. K. K. S. Chiyo Maru.

FATAL FOR EST FIRE.

WINNIPEG, October 6.—The towns of Gracetown, Williams, Pitt and Cedar Springs, Minnesota, have been destroyed by forest fires. Five lives were lost.

LOUISIANA SUGAR.

NEW YORK, Sept. 23, Louisiana reports an excellent outlook for the cane crop. The prospects are for harvesting a heavy tonnage.
